

"How many members do you have?" We have been asked this simple question many times. Membership numbers alone do not convey the strength and value of an organization, but numbers can be used as one indicator of effectiveness. Now, we are asking you to stand beside us in support of our vision of a more open and accepting Canadian society. Will you become a member?

What does membership in PFLAG Canada give you?

- A sense of belonging to a community that is engaged in making Canada a more accepting home for people of all sexual orientations and gender identities
- A feeling that you are an integral part of a nationally-recognized movement toward equality
- Access to knowledgeable people, credible resources and current information on issues of sexual orientation and gender identity
- A sense of pride in standing with others who believe in a Canadian society that does not discriminate on the basis of sexual orientation and gender identity
- An opportunity to identify with a reputable organization of high integrity
- A place where people not only hear when you speak - they also listen. This is a place where your contributions can make a difference in our world

What is PFLAG Canada?

PFLAG Canada is many things. It is comfort, it is support and it is a source of information for people who are dealing with issues concerning sexual orientation and gender identity. However, PFLAG Canada in its simplest form is its members: you, me and hundreds of others across Canada.

PFLAG Canada's volunteers open their hearts to those needing help with the fear, guilt, shame and confusion created by societal ignorance and prejudice. PFLAG Canada provides hope and support to Canadians in more than 60 communities. We listen, we do not judge. PFLAG Canada is about love and acceptance.

What does PFLAG Canada do?

- PFLAG Canada provides support, information and resources on issues of sexual orientation and gender identity to all Canadians through our toll-free telephone line and through our network of volunteers in more than 60 communities across Canada. It also provides these resources to Canadians and the world via the internet
- PFLAG Canada works for equality, actively reaching out to schools, businesses, community organizations, all levels of government, and the general public
- PFLAG Canada confronts discrimination when and where it occurs

There is so much more that we can do, but we cannot do it alone. Let's show our strength by coming together as one community, united in creating a more open and accepting Canadian society. Are you willing to stand and be counted? Please join us!
